

The Trilogy School
Welcome Letter from the Directors
2017-2018

August 2017

Dear Trilogy Parents, Teachers, and Students:

Welcome to our 19th year at Trilogy! We are looking forward to another great year. We are excited about the group of students coming to Trilogy this year. Our overriding focus this year is to give students our best selves and expertise so they can be the successes we know they can be. We look forward to collaborating with you in that endeavor.

Our theme for the year is Linking Learning to Life: Knowledge is our Superpower. We will incorporate the theme school wide throughout the year in order to create and continue programs that provide opportunities for students to succeed, including:

- Giving students an enrichment class to boost academic areas of concern
- Continuing the success of our Fitness program-*Motion and Movement*
- Expanding our technology program to include Chromecast, smart , TVs, Google Apps, and Chromebooks for all teachers and students
- Creating leadership roles for students such as club officers, Student Council, and volunteer opportunities for community service
- Expanding an administrative team that includes co-directors in addition to division chairs to enable parents and teachers to have additional access to problem-solving, feedback, and communications
- Assisting parents in accessing additional tuition funding through the scholarship grant program enacted by the NC legislature
- Keeping the website, Instagram, and Facebook pages current and filled with information about school events
- Adding Memberhub, a communication tool for parent and teacher use
- Using the annex for programs, classroom space, and storage
- Adding a new lunch program called *My Hot Lunch Box*

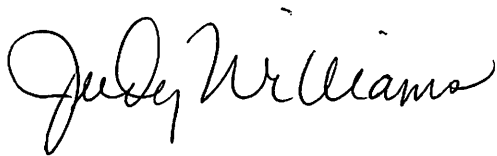

New this year is an initiative to provide more flexibility and to strengthen our administration.
